

Glamour for your WC

HARO's new "Diamond" line – the must-have for your toilet.

Low cost, big WOW effect – die "Diamond" WC Seat made with CRYSTALLIZED™ Swarovski elements immediately makes every bathroom and toilet radiate. Featuring sparkling crystals, this WC Seat truly brings a touch of luxury to your home.

The "Diamond" WC Seats are available with various glittering motifs, e.g. heavenly stars, ostentatious with extra big, radiant stones or luxurious with crystals in different sizes spread across the surface. Imaginative and luxurious styling in your bathroom or toilet is now boundless.

And all in HARO's tried, tested and proven top quality! High-performance materials and high-grade production make this WC Seat especially robust, hygienic and long-life, and the very latest technologies ensure even more comfort. The SoftClose® function closes the WC Seat automatically with just a light tip, and TakeOff® allows the entire WC Seat to be removed in just one quick move for easier cleaning.

Hamberger Sanitary GmbH based in Rosenheim near Munich is now the largest manufacturer of WC seats in Europe and operates production sites in Germany and Bulgaria. Hamberger has been manufacturing WC seats since 1912. The fact that the company develops its own designs, uses its own established hinge technology and operates a global logistics network forms the basis for its success. The company was established back in 1866 and is now managed in the fourth and fifth generation by Peter Hamberger and his son Dr Peter Hamberger. The company has constantly acquired new shares of the market and is now the largest manufacturer of thermoset WC seats anywhere in the world. Around 50% of its products are exported to more than 50 different countries throughout the world. Further information is available at www.haro-sanitary.com
